

APPLICATION FOR **ENTRY PERMIT** FOR PLANT PREMISES NEW APPLICATION AND EXTENSION

[Link to application form](#) (or scan the QR code below)

Input for new application and extension:

- Company (general contractor) or subcontractor the employee works for
- Six-digit Aurubis supplier number for the general contractor
- Specify new application or extension
- Valid contractor ID badge number (you must obtain your contractor ID badge from the ID Office before applying for a vehicle entry permit)
- Employee first and last name
- Employee email address and mobile phone number
- License plate number
- Vehicle type
- Reason for entry permit
- Planned duration of work assignment
- Aurubis contact email for approval (client)

You will receive an email after all Aurubis contacts have issued approval. It summarizes the data in the “Vehicle entry permit/driver availability” attachment, which you must **print out and display under the front windshield**. Please see the email for all further details. Do not visit the ID Office in person for this process.
