

APPLICATION FOR CONTRACTOR ID BADGES FOR PLANT PREMISES NEW APPLICATIONS AND EXTENSIONS

[Link to application form](#) (or scan the QR code below)

Input for new application:

- Company (general contractor) or subcontractor the employee works for
- Six-digit Aurubis supplier number for the general contractor
- Applicant's email address
- Employee first and last name
- Employee birthdate
- Planned duration of work assignment
- Aurubis contact email for approval (client)

Following first approval, you'll receive an email from the Aurubis contact with the **application ID number** and a link to the safety briefing. After completing the safety briefing, the employee must report to the ID Office. Please see the email for all further details.

Input for ID extension:

- Five-digit number of existing contractor ID badge
- See new application above

Following the second approval, you'll receive an email from the ID Office confirming the new validity period. You or the employee in question do not need to come to the ID Office.
